RE: Thank you

Dear Yvonne Iyer

Greetings to you, from somewhere on this great continent of Africa, that we get to call "home". I wanted to send a quick message of gratitude for having me as part of your programme – to BE in Africa, SPEAK about Africa, but most importantly to have the opportunity to truly change Africa's future, this I see as a privilege afforded to a few, and I don't take it lightly.

My personal philosophy is premised on, Mother Africa needs her children now more than ever, and we need to heed her call, because "if not us, then who"?.

So, you have given me yet another platform to honour our great "Mother" and for that I'm hugely appreciative.

Thank you for the invitation and for thinking of me.

May this be the beginning of great things to impact Africa together.

Yours in African Prosperity.
